Diary No. 2679	Enclos	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Brings to notice the necessity for housing accommodation in one place to the Spl. Res. Force and the inadequacy of the present barracks in the Fort, Bangalore, for the purpose & requests sanction for constructing suitable lines for the force and permission for the men to reside, if possible, in the old Sawar lines until new buildings are provided.

NOTES AND ORDERS.

1) When the D.S. complained of want of adequate provision in the budget for police buildings (one of which was lines for the Spl. Res. Police) he was requested to submit a list of works to be carried out during the next five

SERIAL No. 1

To

D. M. Narasinga Rao Esquire, B.A., B.L.,
Offg Secretary to the Government
of H.H. the Maharaja of Mysore, Genl & Rev Depts.

Sir,

I beg to respectfully urge upon the attention of Government again, that the Provincial Special Reserve Police Force, which now consists of 13 officers and 183 men, has been put to much difficulty for want of adequate house accommodation, with the result that the very object for which the Force was organize is, I am afraid, being defeated, and we are considerably handicapped and embarrassed in mobilizing an appreciable number of the Force against emergencies.

2. The present Lines in the old barracks in the Fort accommodate only 53 men, and the remaining members of the Force have been obliged to live in all parts of the City and the Cantonment, some even at such long distances as Akkithimmanhalli. With such a scattered Force, which is meant for such special purposes as detailed in Government Proceedings No. J.2190-1/Pol.55-5 dated the 2nd February 1905, it is hardly conceivable how any efficient and organized body of men could possibly turn out at any critical juncture, by men having to go

71 S

round for more than 4 or 5 hours or even a whole day to trace and muster the needful Force.

3. This dangerous and undesirable state of affairs has been frequently represented and Government have been requested to provide lines for this Force, which is the only body of 'armed Police' in the State available for employment off and on for quelling serious riots or extraordinary disturbances or against organized gangs of dacoits, &c. even in its remotest parts.

4. The imperative necessity to house such a Special Reserve Police Force in a central locality has all along been recognized by Government, and in all Provinces of British India, the Special Reserves have been so housed in barracks. The importance of preventing the men from acquiring local sympathies and prejudices has also been realised in Government Proceedings No.24848-J.1502 dated 24th June 1895 and this object cannot be attained if the Force is allowed to mix freely with the civil population, which necessarily impairs its efficiency, undermines discipline and leads to demoralizing results.

5. The present day situation further accentuates our difficulties and renders the immediate provision of house accomm dation in one central place for the rest of the Force, if not in or near the present lines, at least somewhere sufficiently near to have them handy and ready to be mustered at a bugle call in any contingency peremptory.

6. For these considerations, I request that you may be so good as to do me the honor of obtaining the sanction of Government, as early as possible, for constructing suitable lines for the men of this Special Reserve Police Force, and until such accommodation is provided, to permit them, if possible, to reside at least temporarily in the Old Sowar Lines, this being so handy and centrally situated, conveniently for our purposes.

I have the honor to be,
Sir,

Your most obedient servant,

Inspector General of Police.

D.O. Letter No. 3 dated 11th July 1913, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

----------O---------

With reference to your Office D. O. 29th May 1913 enquiring whether the site near the Special Reserve Police Barracks in the Fort, Bangalore City, may be used for building a Bonded Warehouse Depot I beg to say that the whole block in question, I understand, has been reserved for Police purposes, viz., the construction of the proposed Central School which is of utmost importance, the Hostel attached thereto, Quarters for the Police Inspectors and other instructors, and the students, as also the Lines for the Special Reserve men, the present lines accommodating only 60 men, the remaining 120 being scattered all over the City and Cantonment causing greatest inconvenience and trouble for mustering them during any emergency.

2. Officers and men of the Special Reserve Police, the District Police, the City Police and the Taluk Police all hold their Parades in the Maidan, close to the Reserve Police, Bangalore which is found to be quite inadequate for the purposes. The vacant site south and south-east of the Special Reserve Lines is best suited for the construction of the above named Institutions which require spacious accommodations. As such, it is essential to reserve the whole block for Police purposes. Considering the sanitation and other conditions of the City, I am of opinion that no other site in the whole of the City is more conveniently situated or easily acquirable for our purposes than this area which it would be a very great pity to split to pieces.

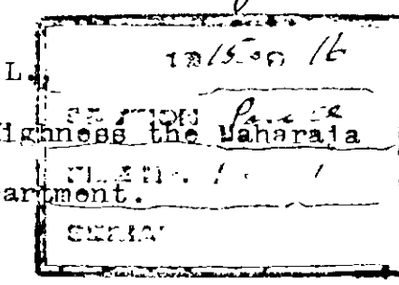
DIARY No. J.1382



To

D. M. Narasinga Rao, Esqr., B.A. B.L.,

Secretary to the Govt. of His Highness the Maharaja

of Mysore, General Department.

Sir,

With reference to your office docket No. J.1378/Pol. 180-14-4 dated the 6th October 1915, enquiring if I have any revised proposals to make regarding accommodation to the Special Reserve Police Force, I have the honour to state as follows.

2. So far back as 1909, my predecessor the late Mr. D. Devaraj Urs, in his letter No.2544/263 dated the 8th November 1909 to Government, fully dealt with the matter of providing accommodation for the Special Reserve Police Force, the Central Police Training School, Hostel, quarters for the teaching staff of the School, the Chief Office, Lines for the officers and men of the Central and Kalasipalya stations of the City etc, and for this purpose, selected the southern and south-eastern portions of the fort glacis, and forwarded a plan also showing the ground required. As explained in that letter, there is not any other place in the City, so centrally situated and extensive enough fo all these purposes. A reference was also then made to the Presi dent, City Municipality, to reserve the site for the Police Department.

3. On this office reference and that from the President,

(31)

7(Q) the Government were pleased, in their Proceedings No. J.3117-9/Pol.91-09-4 dated the 22nd April 1910, to direct that this ground should not be disposed of without a special report to and sanction of Government.

4. Subsequently, the Excise Commissioner having made a proposal to construct a new building for the location of the Arrack Bonded Depot etc on the site to the South of the Special Reserve Barracks, in reply to your office letter No.Fl.6157/S.R. 68-12-7 dated the 28th April 1913, I stated in my D. O. No. 3 dated the 11th July 1913, that the whole block should be reserved for the Police Department and should not be split up, as, considering the situation and other conditions of the City, there is no other site in the whole of the City, more conveniently situated or easily acquirable for Police purposes than this block.

7(C)
7(A)

5. Nothing having been settled in the matter, I again, in my letter No. 3459/429 dated the 15th February 1915, urged, in view of the present situation and conditions of the times, the urgent necessity for providing accommodation to the whole of the Special Reserve Police Force, and proposed, as merely an alternative measure, to permit the Force to temporarily occupy the old Sowar Lines, until accommodation was provided for them permanently. On this, I was informed that the old Sowar Lines could not be spared for the purpose and that I might submit definite alternative proposals for the consideration of Government. In my letter No. 4433-557 dated the 15th April 1915, I invited reference to my letter No. 3 dated the 11th July 1913 above referred to and stated that the existing Lines may be extended and fresh Lines built for all on the vacant site on the South and South-East of the Special Reserve Lines.

d no-1
d no. 3
7(A)

6. In this connection, I may also be permitted to mention that the site opposite to the Central Police Station in the Fort, which was originally acquired for the construction of buildings for the office of the Inspector General of Police and that of the Bangalore District Superintendent, has since been

32

transferred to the Education Department for the construction of a Girls' School

7. I understand also that the Municipality which once applied for the present Police Parade ground in the Fort for the construction of the Municipal office, has given up the idea and selected a site somewhere else.

8. Taking into consideration all these circumstances, I request that Government may be moved to pass very early orders on the proposals contained in my letters Nos. 3 of the 11th July 1913 and 3459-429 dated the 15th February 1915, as the matter has long been pending and is also pressing and urgent.

7(A
d.no 1

9. In conclusion, I need hardly reiterate the inexpediency of having such a Police Force as the Special Reserve scattered about, especially in such times as we are now passing through, and it is absolutely essential to take immediate steps to concentrate them so as to have the entire Force available at shortest notice in emergencies.

Copy of D.O. letter No.356 dated 28th January 1916 from the Honorary President, City Municipal Council, Bangalore, to the Inspector General of Police in Mysore, Bangalore.

With reference to your letter No.3089/Mis.217 dated 11th December 1915, intimating that the maidan on the south of the Reserve Police lines could not be made available for pitching the tent of the Circus troups that had applied for it, because it was used by the Police Training School, may I remind you that it was at your special request made in a D.O. letter that I gave you permission to use the ground for drill and other exercises by the Police Training School. Of course I did not make over the ground to you as a permanency nor could I do so. The Municipality incurred a heavy outlay in dismantling the fort wall and filling up the ditch and levelling the site and the land belongs to it. The maidan opposite to the City Market being found unsuitable to accommodate Circus troups etc, the Municipal Council thinks that the maidan to the south of the Reserve Police lines is the best suited for such public recreation parties.

May I request you to kindly arrange, at your earliest convenience to place the land back at our disposal for such use as may be desired by the Municipal Council.

Resolution.- The Managing Committee would respectfully invite the attention of Government to the heavy expenditure incurred by the Municipality in demolishing the Fort wall, filling up the moat and attending to several details to improve the sanitation and appearance of the locality. It is not more than a few months since the Inspector General of Police requested the permission of the Honorary President to use a small area to the South of the Reserve Police Lines for Drill etc., and the permission was given on the distinct understanding that the said area could be used by the Police only so long as the Municipal Council did not want their land for their own purpose. With reference to Government Proceedings No. J.747-9/Police.180-14-2 dated the 22nd August 1910, ordering that the Inspector General of Police, the Chief Engineer and the Honorary President, Bangalore City Municipal Council should meet and discuss the question and suggest for the consideration of Government, other alternative sites for the construction of lines for the Provincial Special Reserve Police Force, the Police Training School, its Hostel &c, I have the honor to state that the site in Malleswaram marked in the enclosed site plan has been selected by Dewan Bahadur Mr. C. Srikantesvara Aiyar in consultation with the Chief Engineer and the Honorary President of the Municipal Council, as an alternative one for the construction of the Reserve Lines and the Police Training School. Copies of letters Nos.3009 dated the 22nd March 1917 from the Chief Engineer and 359 dated 24th December 1916 from the Honorary president, together with a block plan received therewith showing the buildings to be put up on the site are also attached.

2. Though the site now selected at Malleswaram may serve as an alternative one, I do not think that it can in any way compare with the site in the Fort. It is far away from the City proper and the men stationed there will find it very inconvenient. Moreover, owing to its great distance from the Head Office, it will not be possible for the Inspector General or his Assistant to exercise adequate supervision over the institutions which will be located there. On the other hand, as explained by the late Mr. D. Devaraj Urs, in his letter No.2544/263 dated 7CB the 8th November 1909, the site selected in the Fort is centrally situated and is best suited for Police purposes in every respect, and I therefore beg that it may be approved and that for reasons so forcibly urged by Mr. Srikantesvara Aiyar in his letters No.3459/429 dated the 15/ 18th February 1915 and No.C.79 dated the 18th November 1915 sanction may be kindly accorded for the construction of the additional lines to the site for the Provincial Reserve.as early as possible.

I have the honor to be,

Sir,

Your most obedient servant,

Inspector General of Police.

Letter No.359 dated 24th December 1916 from the Honorary President, Bangalore City Municipal Council, to the Inspector General of Police in Mysore.

I send you the Municipal Engineer's memo and sketch with Chief Engineer's note of 14th instant, regarding a site for the Special Reserve Police Lines and Police Training School.

I have seen the ground and consider that the site marked red measuring 23 acres is an admirable one for your purpose and quite sufficient for all your requirements. A clear demarcation between the Police grounds and the rest of the Malleswaram Extension is desirable even from a Police point of view.

I trust you will approve of the site selected.

The return of papers is requested".
